SAGE W. SCHUYLER
DIES TUESDAY

Was Ill Two Weeks of Pneumonia—Vice President of Dodge Co.

Sage W. Schuyler, second vice president of the Dodge Mfg. Co., with which organization he has been actively connected since 1892, died at St. Joseph's hospital Tuesday morning at 9 o'clock following a two weeks' illness of pneumonia.

Mr. Schuyler was stricken with influenza, and at first rallied, but his advanced age and generally weakened condition were unfavorable to recovery.

Born in Ithica, N. Y., in 1855, Mr. Schuyler was prominently connected with several western New York's most prominent families. He entered Cornell university, where he played a leading part in the

ternal and athletic life. He was a member of the famous original Cornell crew, and the Chi Phi fraternity. He was united in marriage to Miss Louise Hurst, Brooklyn, N. Y., who died in Mishawaka six years ago.

Mr. Schuyler joined the Dodge forces as salesman for the Chicago branch, following a long and varied experience in railroad and sales work. He had charge of the exhibits at the World's fair in Chicago in 1893. He was later placed in charge of the New York office of the Dodge organization, where he remained until recalled to the local office as general sales manager. He was later promoted to the office of second vice president, which position he filled at the time of his death.

His geniality and sympathetic cheerfulness, together with his fine personality, won for him a large circle of friends, who are deeply grieved at his passing. Funeral arrangements will not be completed until relatives in the east have been communicated with. E. S. Grant, Philadelphia, a nephew of Mr. Schuyler, is expected to arrive in Mishawaka this evening.

MISHAWAKA BUILDING AND LOAN ASSOCIATION

The Mishawaka Building and Loan association, now entering its 22nd year—the oldest financial institution in the city—has had a very successful business existence and today is larger, stronger and more ready to cope with the present changed business methods than ever before. Mishawaka has seen many changes in the life time of this association; dark days, some, but they have been weathered, foundations strengthened, credit augmented and growth phenomenally expanded. The government of the United States now realizes the value and usefulness of building and loan associations in its present attempts to safeguard and further their interests with the home building classes. The dividends of the Mishawaka Building and Loan association have never been less than 7 per cent per annum, during its entire life time. The 1919 dividends, placed to the credit of shareholders Jan. 1, 1920, were eight per cent, with a substantial reserve fund.

Any information desired by the home builder as to rates and methods will be gladly furnished by J. Alex McMichael, sec'y, at the office of the association, 111 S. Church st., Mishawaka, Ind. Adv't—35
